

SUGAR FREE ME OVERVIEW

Sugar Free Me is an online course designed to help sugar addicts and carb-o-holics:

- ✓ Stop stress eating,
- ✓ Get off sugar,
- ✓ Follow an easy, sustainable system of healthy eating for reliable weight loss, consistent energy, and long-term health

The course was created by bestselling author Dan DeFigo, [who literally wrote the book on sugar addiction](#). Sugar Free Me is a step-by-step process of weaning yourself away from sugar, and replacing your stress eating habits with new, healthy habits. Dan takes you step-by-step through the program (written PDFs and videos):

Module 1: Creating Your New Normal

Until now, you've repeated behaviors and built habits that have led you to rely on sugar for energy, comfort, and convenience. You've repeatedly done those things, and those behaviors and habits have become "normal" for you. And that "normal" has caused you to become overweight, stressed out, and out of control of your eating habits.

Dan helps you create a "new normal" so that you don't feel like you're "on a diet" or "depriving yourself" or struggling through some other type of temporary willpower phase. Creating a New Normal is the most important part of beating sugar addiction. It's a vital part of your success!

Module 2: Training Your Brain

What kind of sugar addict are you?

- A Stress Ball
- A Comfort Seeker
- A Sugar Stalker
- An Exhausted Addict
